Volume VII, Number 34

April 6, 2000

In celebration of Black History Month, the Central Campus LLRC Gallery hosted a historical perspective on the 1965 merger of Roosevelt Junior College with Palm Beach Junior College. Among the speakers were two former RJC/PBJC faculty members, counselor Paul Butler and librarian Margaret Richardson (shown left). Also participating was RJC graduate Betty Dawson, who shared her experience as a student at the all-black institution. An exhibit of black history in Palm Beach County, created by Indira Hudnell, was also featured.

PRESIDENT'S NOTES

A diversity report by Ardease Johnson, Palm Beach Community College's assistant to the president for equity programs, was among the presentations to members of the PBCC Board of Trustees March 21 in Lake Worth. The report reveals that PBCC continues to make progress toward implementing various initiatives aimed at providing equal access and equal opportunity.

A United Faculty of PBCC presentation was given by the new president Nikki Privacky. In addition, PBCC President Dennis P. Gallon and Board Chair Jorge A. Dominici presented a plaque of appreciation to outgoing UF President Kathleen Asher.

A legislative status report was delivered by Director of Governmental Relations/Executive Assistant to the President Erin McColskey. Also, Vice

President of Workforce Development John Schmiederer reported on the planned vocational facility.

PBCC President Dennis P. Gallon announced the 2000-2001 sabbatical leave recipients. They are Assistant Professor Jeanne Boone, fall 2000; Professor Judy Campbell, spring 2001; Counselor/Associate Professor Brad Hawkins, spring 2001; Associate Professor Vicki Scheurer, fall 2000; Professor Sandra Shaw, fall 2000; Professor Noel Smith, fall 2000; and Professor Don Voils, fall/spring 2000/2001.

In an effort to enhance PBCC's image within the community, trustees authorized the administration to pursue negotiations for a one-year contract for advertising services, based on three firms. A presentation was given by the top-ranked firm, Green Advertising of Boca Raton. The agency's proposed marketing campaign targets most of the funds for television and radio ads.

The next regular meeting of the PBCC Board is scheduled for April 11, 6 p.m. at PBCC's Lake Worth campus, President's Dining Room.

PBCC Foundation Offers Update

Note: This is a first in a series of articles on the PBCC Foundation, which is scheduled to appear monthly in *Perspectives*.

There have been a lot of changes at the PBCC Foundation the past few months. For those who aren't clear about the Foundation's purpose, it is to encourage, solicit, receive and administer gifts and bequests of property for scientific, educational, developmental and charitable purposes, all for the advancement of PBCC and its objectives. The following is an update of what's been happening.

Funding Development

Funds are raised for PBCC through two areas within the Foundation—grants and development. Tammy Greer joined the Foundation last fall as grants and alumni relations coordinator; in December, Joanne Wilson was named director of development. Tammy has been working with all areas of the College to identify federal and state grant opportunities, and works with staff and faculty to guide them through the grant-writing process. Joanne works with private and corporate foundations, businesses and individuals to secure funding for key College needs including scholarships, endowed chairs and equipment.

SACS UPDATE

The twelve SACS committees that were originally created have played a critical role in the re-accreditation process. The various committees and their purpose are as follows:

1. **Principles and Philosophy of Accreditation Committee** is responsible for reviewing the institutional commitment and responsibilities in the accreditation process, the application of the criteria, conditions of eligibility and representation of status. This group also assesses PBCC's educational quality.
2. **Institutional Purpose Committee** reviews and assesses the College's mission statement.
3. **Institutional Effectiveness Committee** reviews and assesses the planning and evaluation process for educational programs, administrative and educational support services and institutional research.
4. **Educational Programs Committee** reviews and assesses the general requirements of all educational programs; it also reviews student records.
5. **Faculty Committee** assesses the selection of faculty, academic and professional preparation, part-time faculty, compensation, academic freedom and professional security and growth, faculty role and committees, loads and criteria and evaluation procedures.
6. **Educational Support Services Committee** reviews and assesses the library and other learning resources, instructional support and information technology resources/systems.
7. **Student Development Services Committee** reviews and assesses the scope and accountability, resources, programs and services.
8. **Intercollegiate Athletics Committee** reviews and assesses its purpose, administrative oversight, financial control and academic program.
9. **Organization, Administration and Corporate Entities Committee** reviews and assesses the organization and administration process, institutional advancement, externally funded grants/contracts and related corporate entities.
10. **Financial and Physical Resources Committee** reviews and assesses the organization for the financial resources, budget planning/control, accounting, purchasing, refund policy, cashiering, investment/risk management and auxiliary enterprises. It also reviews and assesses space management, building, grounds/equipment maintenance, safety/security and facilities master plan.
11. **Editorial Committee** edits the committee reports and assists in the editing of the final self-study report.
12. **Hospitality Committee** is responsible for arrangements of visiting team members

Save Money with Blue Cross Pharmacy Mail Order Program

Blue Cross Blue Shield not only offers its regular pharmacy program but also a mail order program which provides benefits for covered prescription drugs. In the over-the-counter program your payments are \$7.00 for generic drugs and \$20.00 for brand name drugs at participating pharmacies. For each covered prescription drug obtained from the mail service pharmacy, you will pay only \$14.00 for a 90-day supply of a generic drug and \$40.00 for a 90-day supply of a brand name drug. The procedure for ordering mail service prescriptions is as follows:

- The Human Resources department has applications for mail service prescriptions.
- For the first mail service pharmacy order, you will need to complete the patient profile/registration form.
- Original and refill prescriptions can be ordered from the mail service pharmacy by completing the mail service pharmacy prescription order form.
- You will need to obtain a new, original prescription to send with the order form if the original prescription was filled at a pharmacy other than the mail service pharmacy.
- Once a prescription has been filled through the mail service pharmacy you can call the pharmacy customer service to order refills.

Please do not hesitate to call Human Resources with any questions and to obtain the appropriate forms.
